How to upload PWA zip file using PWA Uploader?

PWA Zip Uploader section allows you to upload a PWA zip file to your Siberian server.

How to access it?

Go to **Siberian Backoffice > Manage > Modules > PWA Backoffice**

Then click on "**Click here to upload PWA Zip file**"

Upload your PWA zip file (that you already generated using PWA Generator & Downloaded) and **click on Upload**.

Upload your zip file

Choose File   5e68bab7bd3a0.zip

Upload

> Your zip file has been successfully uploaded and unpacked.

You can access uploaded PWA using below link:

https://appzadmin.com/pwapp/5e68bab7bd3a0/index.html

Copy PWA Link

After successfully uploaded it will shown screen like above.

Copy PWA Link. That's it. Your PWA is ready.

Notes:

- **You must have to upload a PWA Zip file using PWA Zip Uploader Only.**
- Attention here… You don't have to upload it in Updates & Modules section.
